Idaho 4th Annual Cybersecurity Interdependencies Summit

WHEN: **Thursday, April 26, 2018 | 8:00AM - 5:00PM**

WHERE: **St. Alphonsus Regional Medical Center**
McCleary Auditorium (Use Main Entrance)
1055 N Curtis Road, Boise, ID

COST: **Free to attend**

Join us April 26th for the Idaho 4th Annual Cybersecurity Interdependencies Summit. The Summit will feature high-level speakers, engaging discussion, and an interactive tabletop exercise designed to facilitate discussion on cybersecurity planning, policy making, and outcomes from significant cyber incidents. Learn from experienced technical and policy professionals, build key relationships, and identify gaps and opportunities in cybersecurity planning.

Agenda Highlights (See reverse for full agenda)

- Hear from high-level Idaho officials and business leaders
- Learn about current cybersecurity trends and best practices
- Discuss cyber incident reporting and available resources
- Explore the topic of cyber workforce development in Idaho
- Strengthen partnerships across sectors
