Please note that PNWER is classified as a 501 (c)6 non-profit organization. Federal Tax Identification Number is 91-1599098.

# Disrupting Trends in Public Safety Symposium

## Vendor Participation

### Showcase Your Tech to Stakeholders

Every day, innovations in technology have the potential to revolutionize how first responders accomplish their mission.

The Public Safety Technology Symposium provides an excellent venue to present your products to senior first responders.

**Vendors have the opportunity to present in the agenda and locate booths in the main event space** to maximize your company's exposure to emergency management decision makers.

### Topics (can be expanded dependent on interest)

- Policy panel on technology
- Scenario discussion on technology in use today
- Cloud technology
- Wireless equipment
- Use of UAV/drones for public safety
- Robotics in the future
- Augmented and virtual reality
- Wearable technology - beyond body cameras

### Attendees

Anticipated: 50-75

First responders from: fire; law enforcement; emergency medical services; emergency managers; public works; 911 centers; and hospitals.

### Targeted Personnel

Department senior staff and agencies charged with technology development and integration within their respective agencies/jurisdictions. Includes deputy chiefs, battalion chiefs and their counterparts in other disciplines.

**See back for vendor registration information.**

May 23, 2017

### Location:

Clover Park Technical College  
4500 Steilacoom Blvd SW  
Lakewood, WA

- Program includes significant networking opportunities at lunch and breaks.
- All vendors will be introduced from the podium in addition to possible inclusion on a panel.
- Vendor booths will be located inside main room.

### About the CRDR

The Center for Regional Disaster Resilience (CRDR) works to enhance the economic resilience of the region through all-hazards disaster preparedness and resilience.
